DELTA MKS

DELTA® protects surfaces.

Corrosion protection does not always have to look the same:

How about light blue for a change?

COLOUR VARIETY

The established system for high-performance corrosion protection and coordinated colour: DELTA®-TONE + DELTA®-SEAL.

DELTA®-SEAL range standard colours

Our DELTA MKS® topcoats have many qualities. Now we'd like to show you another feature. DELTA®-SEAL, for example, not only provides outstanding protection against corrosion, but with the established DELTA®-TONE basecoat fulfils aesthetic requirements as well. DELTA®-SEAL is available in many different colours and shades.

In addition to our standard colours, we also have a range of further shades to offer. Contact us for details.
